Outstanding Academic Librarian Award

The Outstanding Academic Librarian Award Committee seeks nominations for the Outstanding Academic Librarian. This award publicly recognizes “an individual who has made an especially significant contribution to further the development of academic libraries/librarians/librarianship within Louisiana.”

The nominee must be an academic librarian currently active in his or her profession in Louisiana. On rare occasions a non-librarian who has made exceptional contributions to academic librarianship in Louisiana may be considered. Contributions must be of value to libraries or librarians as a whole, not to individual persons or institutions. Contributions, such as creating a "model library" on a particular campus, must be profound enough to be of wide interest and easily accessible for other libraries to benefit from their creation. Nominations must be made by a current member of LLA.

The nominee should be characterized by one or more of the following:

1. Actively participates in professional activities which enrich the ability of academic librarians to enhance library usage.
2. Conducts research and shares this research with other Louisiana academic librarians (either through publication or through public presentations) which enriches the ability of library users to more fully utilize current information resources and technologies.
3. Serves as a model for other librarians or potential librarians who can help further the impact of Louisiana academic libraries on the education and/or livelihood of Louisiana’s students and residents.

Please send vitae and four letters of recommendation of any nominations by Thursday, December 1, 2011 to Sybil Boudreaux, Committee Chair, Outstanding Academic Librarian Award, Earl K. Long Library, University of New Orleans, Lake Front, New Orleans, LA 70148, Phone 504-280-1157, sboudrea@uno.edu.
