This is a busy yet exciting time of the year with plans being made for various conferences and committee meetings across the state. Of course, we are all testing Unicorn version GL 3.1 on the training server with anticipation to upgrade to the production server on October 25. I know we appreciate all the things our System Administrators are doing at this time!

The 2006 LOUIS Users Conference (LUC) on Thursday and Friday, October 5 and 6 was awesome! The Conference was hosted by the LOUIS staff and sponsored by LSU School of Veterinary Medicine, Sirsi Corporation, EBSCO Publishing, Thomson Gale, WebFeat, Marcive and OCLC.

LOUIS users enjoyed two days of sessions with topics ranging from WorkFlows Java Client, iLink, ILLiad, WebFeat, LinkSource Tools, RSS Feeds, electronic resources and CONTENTdm (LOUISiana Digital Library). Other topics of the concurrent sessions at LUC included customizing collection pages; copyright in digital libraries; MARCedit; URLs and cataloging searching; NATC counts in collection analysis; and the Friends Group.

The tone of the Conference was set by the keynote speaker, Steve Robichaux of Capital City Consultants. Have you tried the “t-diagram” for danger and opportunity? Remember to try it three times. And, it must be noted, the food and refreshments were a “value-added” benefit of the Conference.

In addition to this wide range of sessions, the Conference was a real opportunity to meet and interact with friends and other professionals in our field. It was great to see everyone again!

Did you know the 2007 LLA Annual Conference is just around the corner?

This year’s conference will be held at the Holiday Inn Select in Baton Rouge on Tuesday, March 6 through Thursday, March 8.

Carla Clark, our Vice Chair/Chair Elect, has lined up some very interesting and informative programs for the Academic Section. (See page 7 for the list of topics).

The Tellers Committee: Thanks to Jeremy Landry of Nicholls State University and Heather Credeur of the University of Louisiana at Lafayette for volunteering to be on the Tellers Committee for next year.

Melinda Matthews and Dinah Williams of the University of Louisiana at Monroe are serving on the Outstanding Academic Librarian Award Committee. Melinda will be the Committee Chair.

Dinah Williams is also serving as Chair of the Grassroots Committee.

Outstanding Academic Librarian Award

The Outstanding Academic Librarian Award Committee seeks nominations for the Outstanding Academic Librarian. This award publicly recognizes “an individual who has made an especially significant contribution to further the development of academic libraries/librarians/librarianship within Louisiana.”

The nominee must be an academic librarian currently active in his or her profession in Louisiana. On rare occasions a non-librarian who has made exceptional contributions to academic librarianship in Louisiana may be considered. Contributions must be of value to libraries or librarians as a whole, not to individual persons or institutions. Contributions, such as creating a “model library” on a particular campus, must be profound enough to be of wide interest and easily accessible for other libraries to benefit from their creation. Nominations must be made by a current member of LLA.

The nominee should be characterized by one or more of the following:

1. Actively participates in professional activities which enrich the ability of academic librarians to enhance library usage.
2. Conducts research and shares this research with other Louisiana academic librarians (either through publication or through public presentations) which enriches the ability of library users to more fully utilize current information resources and technologies.
3. Serves as a model for other librarians or potential librarians who can help further the impact of Louisiana academic libraries on the education and/or livelihood of Louisiana’s students and residents.

Nominations, in the form of a letter, must be submitted to Melinda Matthews, UL Monroe, University Library, 4100 Northeast Drive, Monroe, LA 71209, Phone 318-342-1060, Fax 318-342-1075, matthews@ulm.edu.

Letters of nomination should include:

1. The full name, work address, telephone number, and e-mail address (if available) of the nominee.
2. An outline of the nominee’s contributions to academic librarianship.
3. List of all special accomplishments credited to the nominee.

Nomination deadline is December 1, 2006

Thorpe Grassroots Grant Award

The purpose of this award is to encourage library science students to attend state library conferences and to recognize outstanding graduates or undergraduate library science students. The prerequisites are: Must be a full-time or part-time graduate or undergraduate student majoring or minoring in library science and attending a Louisiana college or university. Can be a full-time or part-time student enrolled in a library tech program (two year) at an accredited two-year or four-year college. Individual must be a student at the time of application, but not necessarily at the time of conference. Must be a current member of LLA.

The nominees will be judged from the information given on the application form and from the accompanying letters of recommendation. Selection will be based on the nominee’s professional promise and demonstrated leadership ability. The winner of this award will receive an engraved plaque and a $250.00 check from Thorpe Associates for expenses incurred in attending the LLA conference and a ribbon to be worn at the conference.

Send nomination by December 1, 2006 to:
Dinah Williams, Chair, Academic Section-Thorpe Grassroots Grant, UL Monroe, University Library, 4100 Northeast Drive, Monroe, LA 71209-0720, Office 318-342-1069, FAX 318-342-1075, dhwilliams@ulm.edu.
