Our 2009-2010 year has begun well! Vice-chair Don Smith of UL Monroe has gathered presentations for annual conference. Secretary Heather Plaisance of UL Lafayette has made arrangements for our annual business meeting and joint conference social with Louisiana’s ACRL Chapter. Our Committees are up and running.

This year the Louisiana Library Association is emphasizing “Advocacy,” the importance of publicizing the valuable role libraries play in our communities and their need for funding to maintain the many programs and services that help our communities thrive.

In keeping with our mission and in the spirit of collegiality, our Section will continue to collaborate with other groups of academic librarians in the planning and execution of activities that “provide for the exchange of ideas, enhance leadership for college and university libraries, and promote study and research relevant to academic libraries.” As Louisiana’s largest assembly of academic librarians, we remain the chief advocates for our profession in doing so.

You, as Section members, have two important duties to perform by (preferably well before) November 30. Please share with Committee chair Sybil Boudreaux at UNO your nominations for the 2009-10 "Outstanding Academic Librarian" Award. And, provide your Section Chair at Louisiana Tech with your nominations for 2010-2011 Section Vice-Chair and Section Secretary, including a brief biographical sketch for each nominee.

If you haven’t done so already, do mark your calendar for our Association’s 2010 Annual Conference, “Louisiana Libraries: The Heart of Our Communities,” March 10-12 at the Baton Rouge Hilton Capitol Center, where we all had a rewarding experience last year.

Outstanding Academic Librarian Award

The Outstanding Academic Librarian Award Committee seeks nominations for the Outstanding Academic Librarian. This award publicly recognizes “an individual who has made an especially significant contribution to further the development of academic libraries/librarians/librarianship within Louisiana.”

The nominee must be an academic librarian currently active in his or her profession in Louisiana. On rare occasions a non-librarian who has made exceptional contributions to academic librarianship in Louisiana may be considered. Contributions must be of value to libraries or librarians as a whole, not to individual persons or institutions. Contributions, such as creating a "model library" on a particular campus, must be profound enough to be of wide interest and easily accessible for other libraries to benefit from their creation. Nominations must be made by a current member of LLA.

The nominee should be characterized by one or more of the following:
1. Actively participates in professional activities which enrich the ability of academic librarians to enhance library usage.
2. Conducts research and shares this research with other Louisiana academic librarians (either through publication or through public presentations) which enriches the ability of library users to more fully utilize current information resources and technologies.
3. Serves as a model for other librarians or potential librarians who can help further the impact of Louisiana academic libraries on the education and/or livelihood of Louisiana's students and residents.

Please send vitas and four letters of recommendation of any nominations by Monday, November 30, 2009 to Sybil Boudreaux, Committee Chair, Outstanding Academic Librarian Award, Earl K. Long Library, University of New Orleans, Lake Front, New Orleans, LA 70148, Phone 504-280-1157, sboudrea@uno.edu.

The 2010 edition of the Princeton Review’s “Best 371 Colleges” honored the J. Edgar and Louise S. **Tulane University**

Special Collections has a new department, the Louisiana Research Collection. It was created by merging the library’s Louisiana Manuscripts Department and Louisiana Collection. The new department will oversee manuscripts and archives, books, serials, ephemera, maps, and images concerning Louisiana’s history and culture. “We believe this will foster greater coordination of collection development and reference while simplifying access for researchers,” said Leon Miller, the head of the new department. Miller was previously Tulane’s manuscripts librarian. The Louisiana Research Collection is one of four departments within the Special Collections division, where it joins the jazz archives, architectural archives, and university archives.

The Louisiana Research Collection is pleased to announce that the Joel Fletcher papers are now open to the public. Joel Fletcher, author of the book *Ken and Thelma*, donated his papers to Tulane University in 2006. Joel Fletcher was a friend of John Kennedy Toole, author of *A Confederacy of Dunces* and Thelma Ducoing Toole, John’s mother.

The papers consist of Joel Fletcher’s research files for *Ken and Thelma*, a book about his friendship with Ken and Thelma Toole, and how *A Confederacy of Dunces* came to be published. The collection contains correspondence, drafts, reviews, and supporting materials. The collection contains criticism on previous biographies of John Kennedy Toole, and Fletcher’s letters with Thelma Ducoing Toole, New Orleans author Poppy Z. Brite, University of New Orleans professor Kenneth Holditch, and friends of the Toole family.

The Louisiana Research Collection also has the papers of John Kennedy Toole. The addition of Fletcher’s papers will considerably expand the scope of scholarly research on the life and works of John Kennedy Toole. The finding aid for the collection can be found at [http://specialcollections.tulane.edu/archon](http://specialcollections.tulane.edu/archon).
