Hello Fellow Academic Section Members!

I’d like to take a moment to introduce myself and my fellow Academic Section officers for 2020-21. I am Blair Stapleton, Assistant Dean of Public Services at the University of Louisiana at Lafayette. Serving as Vice Chair/Chair-Elect is Angela Dunnington, Head of Access Services at Southeastern Louisiana University and Shanna Clevenger, West Bank Librarian/System Administrator at Delgado Community College is serving as the sections Secretary this year. We all look forward to working with all of you and serving the section this year!

Full details for the 2021 Annual Conference are still pending. When information is available about the conference, we will share it on the LLA listserv. In previous conferences, the Academic Section has collaborated with the Subject Specialists Section and ACRL-LA to host lunches or breakfasts. With restrictions in place because of the COVID-19 outbreak, we will be discussing the possibility of still hosting a function that will allow section members to reconnect and network safely.

The Louisiana Virtual Academic Library Conference co-hosted for the last two years by the Louisiana Library Association and ACRL-LA will be taking a sabbatical in 2020. The purpose of the conference is to provide academic librarians, both in Louisiana and nationwide, an affordable way to present and attend an academic library conference even with little time and no travel budget. The planning committee met (virtually of course) this spring to assess the need to host Louisiana Virtual in a year in which the COVID-19 pandemic has caused so many conferences of interest to academic librarians to change from in-person to online events. The committee agreed that with so many affordable online opportunities to present, network, and share best practices, there isn’t a need to host the Louisiana Virtual conference in 2020. The planning committee will keep an eye on the situation and do another needs assessment in early 2021. Stay tuned!

Angela, Shanna, and I are looking forward to serving the Academic Section this year!

Stay safe!
Blair Stapleton

Southern University submitted by Angela Proctor

In honor of the 60th Anniversary of the 1960 Sit-Ins the Archives, Manuscripts and Rare Books Department at John B. Cade Library celebrates the Sit-Ins anniversary by releasing the entire digitized collection on the Baton Rouge Sit-Ins.

The Sit-In Movement, a nonviolent movement of the United States civil rights era, began in Greensboro, North Carolina, in 1960. The Sit-In, an act of civil disobedience, was a tactic that aroused sympathy for the demonstrators among moderates and uninvolved individuals. African Americans later joined by white activists, usually students, would go to segregated lunch counters (luncheonettes), sit in all available spaces, request service, and then refuse to leave when denied service because of their race.

As Sit-Ins spread across the upper and mid-south. The all-white Louisiana State Board of Education threatened “stern disciplinary action” against any student who participated in a Sit-In. The President of Southern University - a segregated, state-funded, Historically Black college in Baton Rouge - told students they would be expelled if they participated in a Sit-In. In the Spring of 1960, the climate at Southern University was one of tense anticipation. The Sit-In Movement had spread to a large number of black southern college campuses after the initial Sit-In on February 1, but the movement did not reach Southern University until March of 1960.

On March 28, seven SU students were arrested for Sitting-In at a Kress lunch counter. Charged with “Disturbing the Peace,” their bail was set at $1,500 - an astronomically high bond for a misdemeanor charge. The next day, seven more students were arrested for sitting-in at the Greyhound bus terminal and two more at the Sitman’s Drug Store. The following day, led by SU student and CORE supporter Major Johns, 3500 students marched to the state capitol building to protest segregation, the arrests, and the outrageous bail amounts.

As a result of the movement’s passion and resilience, Woolworth's fully integrated their dining area on July 25th, 1960. Catalyzing a much larger nonviolent Sit-In Movement across the country, the protests played a definitive role in the fight for civil rights. In its wake, segregation of public places became illegal under the Civil Rights Act of 1964.
