The LLA Conference in Baton Rouge was a very exciting and successful event. I would like to thank everyone who supported the Conference presentations, especially those sponsored by the Academic Section. The Academic Section had its fair share of programs by sponsoring or co-sponsoring 20 presentations. The Section endeavored to support the conference theme – *Louisiana Libraries: Bridging Communities*. In effect, the Academic Section's wide range of topics served as a bridge to those interests found in the Public, Special, and Private Library areas. I want to thank those participants who presented programs during the conference. We had some outstanding programs.

The Academic Section also provided partial funding to support the "Ollie H. Burns Scholarship Endowment Celebration" banquet during the conference. The speaker was Alice Burns Grigsby, Director of El Camino College Library in Torrance, California.

The Academic Section Business Meeting during the LLA Conference was well attended. We discussed possible program ideas for next year's conference and introduced the new section officers for 2007-2008. The officers for next year are:

Chair
Carla Clark, LSU Shreveport

Vice Chair/Chair Elect
Betsy Miguez, UL Lafayette

Secretary
Michelle (Shelby) Anfenson-Comeau, LSU Eunice

*Research fellowships
offered by Tulane's
Latin American Library.*

See page 4 for details.

Special thanks to Carla Clark, our Vice Chair/Chair Elect, for her time and dedication in coordinating a dynamic array of conference programs and to Tony Fonseca, Academic Section Secretary, for his support and assistance with the conference proposals.

Special thanks also to Jeremy Landry, Nicholls State University, and Heather Credeur, the University of Louisiana at Lafayette, for volunteering to be on the Tellers Committee for this year. I also appreciated the support of Denise Goetting

Rodney Clare Jackman recently joined the library as the Information Literacy/First Year Initiative Librarian. She previously worked at the Sims Memorial Library at Southeastern Louisiana University as a reference and instruction librarian.

Christina O'Grady was hired as the new Science Librarian. Tina came to UNO from Catholic University of America where she was employed as the Acting Head of the Science Libraries.

The UNO Student Government recently purchased 204 DVD titles for circulation to the student, faculty and staff population of UNO. Many UNO students who do not have transportation indicated a need for easy access to newly released DVDs. Student Government President Georgios Mazarakis, Dean Sharon Mader, and library staff members Michael Arseneau and Sharon Robinson collectively made this possible. A list of titles is available through a link on the library's website. The collection includes popular television and cable programs as well. To make sure the titles ordered represent student interests, an electronic link for suggestions has been set up on the library's web site as well as a suggestion box placed by the DVD stand for students to use. Its success has involved many people within the library as well as developing a partnership with the Student Government.

of UL Lafayette. Both Denise and Jeremy were always there to help with certain details of the Academic Section and the LLA Conference.

The Academic Section also thanks Melinda Matthews and Dinah Williams, University of Louisiana at Monroe, for serving on the Outstanding Academic Librarian Award Committee. Melinda was the Committee Chair. And thanks to Dinah Williams who also served as Chair of the Academic-Thorpe Associates Grassroots Grant Committee. Montié Dobbins was the award winner of the grant.

I appreciate the support and assistance provided to me by Beverly Laughlin and Denise Copeland of the Louisiana Library Association and by the LLA Executive Officers during my term as Chair of the Academic Section.

Be sure to watch for the "call for proposals" for next year's conference in Shreveport. I know Carla, Betsy and Shelby will do a fine job as officers for the Academic Section.
